All the security of a Guaranteed Interest Account (GIA)  
combined with the performance potential of the stock market

## SSQ Equity GIA

SSQ Equity GIA is an investment vehicle that can be purchased as part of individual registered savings plans (RRSP, LIRA, TFSA) or non-registered financial plans (NRSP) with a 10-year term.

### The investor chooses one of two ways to allocate contributions:

**For the more conservative investors...**

#### **60% in GIA and 40% in SSQ Guaranteed Investment Funds (GIF)**

- 60% of the contribution is allocated to a Guaranteed Investment Account (GIA) for a period of 10 years with a guaranteed compound interest rate.
- 40% of the contribution is allocated to one or more SSQ GIFs whose capital is 100% guaranteed upon a 10-year term or upon the death of the annuitant.

**OR...**

**For the bolder investors who want to make the most of the stock markets...**

#### **40% in GIA and 60% in SSQ Guaranteed Investment Funds (GIF)**

- 40% of the contribution is allocated to a Guaranteed Interest Account (GIA) for a period of 10 years with a guaranteed compound interest rate.
- 60% of the contribution is allocated to one or more SSQ GIFs whose capital is 100% guaranteed upon a 10-year term or upon the death of the annuitant.

## Exceptional quality guarantees

- Your **capital** is 100% guaranteed at 10-year maturity.
- The **minimum guaranteed return** is established and posted weekly. This compounded annual rate is guaranteed on the portion invested in the GIA. You are guaranteed to receive this return at maturity, regardless of market performance over the 10-year term.
- **In the event of the annuitant's death**, the capital is 100% guaranteed, and the returns accumulated up to that point in time for both the GIA portion and the segregated funds portion are granted. No market value adjustment or redemption charges will apply.

# Unlimited growth potential

Stock markets can potentially offer you substantial capital growth over a 10-year period. Any additional earnings generated by the funds you select are all yours at maturity.  
**There's no cap on potential returns!**

## Redeemable at any time

Unlike many similar products, the SSQ Equity GIA is **redeemable at any time** before maturity.

Certain redemption fees may apply as specified in the **SSQ Equity GIA Brochure**.

## SSQ Guaranteed Investment Funds (GIF) available

A wide **range of SSQ GIFs** are offered under the SSQ Equity GIA product. These funds have been carefully selected by our team of experts.

Please consult the **Fund Facts** or the **SSQ Guaranteed Investment Funds Summary (DRA719)** for more information about the funds offered under the SSQ Equity GIA product as well as their fees.
